Letter to Mould & Davis
Morrisville, Vt.

Dear Sirs: It's the same everywhere, can't guess little enough.
Mr. C. O. Brown, Columbia, S. C., employed an experienced painter to paint his house. The painter on seeing the quantity sent to the house—Devoe—said there wasn't enough. There were ten gallons left when the job was done.
It's the common experience.

Yours truly,
F. W. DEVOE & Co.

It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes, and heals. Sold for 60 years.

"Ayer's Cherry Pectoral has been a regular life preserver to me. It brought me through a severe attack of pneumonia, and I feel that I owe my life to its wonderful curative properties."—WILLIAM H. TRUITT, Wawa, Pa.

A man in a neighboring town who secured his wife through a matrimonial agency is now trying to secure a divorce. Another instance of finding out that mail order bargains are not just as represented and that a much better grade of the same article could have been obtained at home. Good enough for him. He ought to patronize home industry. The home grown article is usually the best.

SCHOOL SHOES
Special attention given to the Fitting of Children's Feet.
After a long vacation the Children's Footwear becomes dilapidated and needs replenishing. Bring the children to Drowne's—where, with experienced salespeople, we will fit them to good serviceable shoes. It's a sensible parent who insists on having a "broad toe" shoe and we have that kind—it stands to reason that they are the best for youngsters as well as for the older ones. They give "toe room"—no pinching—no breaking in—and they cost no more, besides they are all "the go."
